

Local Land Test Being Decided By Judge Snell

State Desires Permission To Drill On Land Of Utility

NEVADA CITY—Judge James Snell has been asked to decide a question never ruled on by a California court before. It's this:

When the state wants to condemn a piece of property for its use, should he allow the state to dig holes on the rest of the property to get evidence to support its case?

The question arose because the State Department of Public Works wants to take over 74 acres near Donner Lake for use as a gravel deposit by the highway division.

The owner, the Truckee Public Utilities District, has consented to let the state run test holes on the 74 acres, to determine the extent of the gravel deposits and to measure the standing timber on the land for purposes of estimating value. But the 74 acres is part of a 230-acre tract and the owner says payment should be made not only for the 14 acres but for damages that would be done to the remainder by the severance.

That brings up the question of how much the remainder is worth and the state asked for the right to make the same kinds of tests there as on the 74 acres.

The utilities district, while willing to let the state go on those outside acres and measure the surface and trees, objected to any boring of holes or digging.

Judge Snell said he wondered about this comparison. He asked if a litigant's doctor would have the right to open up the other fellow's abdomen "to find out what's in there." "That's what you are asking here, isn't it," he asked, "in your desire to bore holes and make excavations?"

He went on to say that in a civil action such acts would constitute a trespass and he asked: "Can the court give you the right to commit a trespass?"

T. L. Chamberlain of Auburn, representing the utilities district, said at this point: "The state can measure the surface. Our objection is to rooting into the bowels of the earth."

Judge Snell took the question under advisement, promising a decision before long. He said, however, the case could not be tried on June 15, the date set earlier; it would have to go over to September or October.

FLORISTON SPAN DEDICATED WITH LOCAL PROGRAM

Irving Hinds, president of the Floriston Property Owners Association, was chairman at the dedication of the new bridge, spanning the Truckee River, which was held last week and attended by 150 people.

Father Ronan Brennan of the Church of the Assumption, and Rev. A. A. Carmichael of the Methodist Community Church, both of Truckee, were the principal speakers at the important event.

Dinner served in the community's school edifice, concluded the ceremony.

MAIN, O'ROURKE LIONS SPEAKERS

Fred Main of Tahoe City spoke on the forthcoming boat regatta and E. V. O'Rourke discussed the formation of a Lions Club at a meeting of the Lions held last night at Lakewood Lodge. Other guests were John Finnegan and Father O'Neill of Truckee, and Web Peterson of Stockton.

C. H. Heller presided in the absence of Angelo Besio.

GRADUATES ARE FETED AT PARTY

Mr. and Mrs. Elden Tonini and Mr. and Mrs. Chas. Cozzi entertained at a supper party given in honor of the graduating class of the Tahoe Truckee Unified School on Friday evening, following the school program.

SNIDER JOINS TRUCKEE FIRM

H. I. Snider, retired from the United States Forest Service Sunday, after 33 years in service, mostly in the Truckee district, will join the Truckee Lumber Company to assist in managing forest operations and as a timber buyer. He will reside in Truckee or Lake Tahoe. Snider joined the forest service in 1920 after attending the University of Minnesota. He joined the service in Nevada.

Tahoe Gun Club Shoot Planned This Weekend

KINGS BEACH—The Lake Tahoe Gun Club is prepared for the annual summer American Trapshooters Association meet to be held at the club's new and modern grounds near Kings Beach Friday, Saturday and Sunday.

Although the weather recently has not lent itself to the meet, it has cleared and warmed and the weekend promises to be ideal for the contests which will feature shooting in all classes from the novice to the expert.

The committee in charge of the affair includes Dixie Reese, Tom Sutton, Johnny Rayburn and H. E. McCloskey.

Friday will be practice day and will start at 1 P.M. with options and all classing competing. The options will be divided 40, 30, 20 and 10 per cent. The traps are open all this week for practice.

The main events will get under way Saturday with the first shoot sponsored by Joe King and in the afternoon the Sierra Lodge Handicap will start at 2 P.M.

Sunday at 9 A. M. the Buckhorn Inn sponsors the first contest for the A, B, and C classes and the Ta-Neva-Ho grand handicap will be held that afternoon with 17 and 25 yard targets.

The public is invited to attend and enjoy the programs each day.

TB X-RAY UNIT WILL VISIT AT TRUCKEE, TAHOE

Mrs. Rex Reid, local chairman, announced this week that the Nevada County Tuberculosis and Health Association will sponsor a mobile X-ray unit to be stationed near the local firehouse, on Wednesday afternoon and evening, June 17, during the hours of 12 noon and 4 p.m. and 6 to 8 p.m. The service is free, promoted by the sale of Christmas Seals, to those who wish to visit the unit during those hours.

Mrs. William Tamblin and Mrs. Veta Owen, executive secretaries of the Nevada and Placer County organization with Mrs. Ronald Gould and Mrs. Herb Perry, directors from Auburn district, visited the area on Wednesday to contact local chairmen.

The X-ray unit will be stationed at Tahoe City, June 18, and at Kings Beach, June 19, all day.

TEA PLANNED BY WYETHIA GROUP

The Garden section of the Wyethia Club will hold a tea, June 12, in the clubhouse at 8 p.m., when Mrs. N. F. Dole will give instruction in dry and fresh floral arrangements, preparatory to entries in a flower show to be held later in the summer.

Hostesses for the affair are Mesdames Dole, Fred Pedley, Doyle McGinn, Frank Giovannoni.

CARMITCHELS ARE HOSTS AT FAREWELL

Friends of Rev. and Mrs. A. Carmichael and Mrs. Nettie Carmichael gave them a farewell potluck dinner at the home of Mrs. Jesse Hale last Sunday evening at Kings Beach. Others present and having a lovely time, were Mr. and Mrs. Henry Chanda, Mr. and Mrs. Fred Vercoe, Mrs. Ada Judy and Mrs. Anna Blaue.

SHIELA BARRETT SIX YEARS OLD

Shelia, daughter of Mr. and Mrs. Douglas Barrett, celebrated her sixth birthday on Wednesday, June 3, at a family party.

A special cake was served and gifts were opened by the small honoree.

Mrs. James Sherritt is a San Francisco visitor with her nephew and his wife, Warrant Officer and Mrs. Jack Rugg. Mr. Sherritt, who has been visiting his sister, Mrs. William Linn at San Lorenzo, will meet his wife on Friday for the return trip. They viewed the coronation of Queen Elizabeth on television, June 2.

IT'S WISE TO ADVERTISE!

Effect Of Atom Blast Felt Over Truckee Area

Window Broken, Houses Shake as Bomb Is Exploded

The atomic blast—said by officials to have been the granddaddy of them all in size and intensity—was so violent when exploded near Las Vegas this morning that it was clearly heard and felt in Truckee.

Several residents reported hearing the dull intonation and a "feeling as though a football had been thrown hard against the side of their homes."

Fred Calkins, at the Gateway Chevrolet Station, reported the concussion broke a window at his place. A number of other residents reported being awakened by the blast, which was heard here shortly before 5 a.m.

This marked the first time that local effects of the bomb were felt and heard so distinctly.

STAR RECEIVES GRAND OFFICERS AT LOCAL MEET

Truckee Chapter No. 116, Order of Eastern Star, held a dinner at Donner Lake Lodge last Friday evening honoring Mrs. Gilma Vick Moyers, worthy grand matron and J. Clifford Lee, worthy grand patron of the Grand Chapter of California.

More than 100 members and guests were present, including nine grand officers from California and Nevada, Dee Moyer and Mrs. Lee, husband and wife of the honor guests, Edna Taylor of Portola, grand representative for Ohio from California, Viola Larsen of Blythe.

Lois Hartwell of Loyalton, past matron, sang two solos before Dorothy King and Dan Anderson, members of the Truckee Lodge, made the presentation of gifts cleverly wrapped to resemble prairie schooners, the theme of the event.

A camp fire in the chapter room with a background painting of the Donner Monument, done by W. M. Englehart, Jr., made a perfect setting for the members dressed in the fashions of pioneer days. Mrs. Hilda Hintz played the guitar and Wayne Phillipi accompanied with the accordion for the group singing.

The program concluded with visiting and serving of delicious refreshments.

POOR FISHING FOR OPENING REPORTED HERE

Inclement weather, high water and inadequate roads combined Saturday and Sunday to make the opening day of the trout fishing season in this immediate area discouraging.

A few who braved the rain and chilly weather caught good limits in the Truckee river in the Boca and Floriston district, but for the most part the catches were below average and did not come up to the "fair" mark.

Fishermen are hopeful that warming weather will increase the chances.

Some nice catches were made at Donner and Tahoe and only bait brought any results on the streams.

TONINI HIGH IN RENO GOLF MEET

Elden Tonini of Truckee was one of four golfers tied for second place in the Saviers Memorial Golf tournament at the Washoe County golf course this week.

George King of Reno held top net honors in a field of 78 golfers who braved the rain to compete in the meet.

Tonini was tied for second with Dr. Kenneth Maclean, Tom Donner and Bob Bond, each coming in with a net of 69.

Has Operation—Mrs. Robert Edwards is reported to have had an operation at Reno Monday. Her friends are hopeful for her rapid recovery.

Sun Beams

by WALTER BARRETT

In issuing citations to traffic law violators, the officers of the California Highway Patrol are not indulging in personal or organizational malice. They are attempting to avert tragedy and costly collisions and wrecks. Often these citations serve, or should serve as a warning to the recipient but too often this warning goes unheeded. We have in mind an instance where only last month a Bay Area driver was given a ticket to appear in the local court on charges of speeding, being on the wrong side of the center line and making a bad pass. He should have appeared in the local court on May 26. Instead, a notation arrived from the young man's home town signed by an officer of the patrol to the effect that he had died in a traffic accident two days before his scheduled appearance in the Truckee court. The notation did not indicate whether or not the young man—he was only 29—died because of an accident caused by a traffic law violation, but it gives rise to justified speculation.

At any rate, there should be no criticism if you are caught violating the law, and the best way to avoid both the ticket and perhaps a more dire result is to heed the law at all times. You may save a life—maybe your own.

Don't forget—out-of-town peddlers, the house-to-house variety so prevalent this time of the year—should have a clearance credential from your Chamber of Commerce. The safest way to avoid being gyped by some of these hustlers is to demand this credential. If they are without one, don't give them audience. The best system is 100 per cent patronage of your local stores. There you can be sure of fair prices, good merchandise and a chance to help your community grow.

LAST RITES FOR YOUNG MOTHER ARE HELD HERE

Last rites were held at the Truckee Colonial Mortuary Monday morning at 11 o'clock for Mrs. Edith Margaret Hobbs, 34, mother of two small children and a resident of Kings Beach, who died at her home Friday night.

Rev. A. A. Carmichael conducted the services and interment was in Forest Hill Cemetery.

Mrs. Hobbs, a native of Oakland, born September 6, 1918, had been ill for several months and while her death was not unexpected, it came as a shock to her many friends throughout the area.

Surviving are her husband, Robert Hobbs, and sons, Bobby and Billy, and her brother, Charles Fink, all of Kings Beach, and a sister, Mrs. Marian Hudal of Auburn. Her father, Walter Palmer, resides at Oakland. Her mother lives at Kings Beach.

Sympathy of the entire area is extended to the surviving members of the family.

BALL TEAM WILL PLAY YERRINGTON IN SUNDAY GAME

With the score tied at 0 to 0, rain started falling Sunday afternoon at Verdi and the baseball game between the Truckee and Verdi clubs was called off.

This Sunday the local squad goes to Yerrington for a 2 p.m. contest, and the following Sunday will visit Fallon. The balance of the games this season will be played at home, Manager John Rau announced.

The team looked very good at Verdi for the short time they played. Rau said, Bert Munson is doing the pitching and Rau is using four high school boys, Bob Tonini, Charlie Cozzi, Joe Copeland and Thomas. The manager said the boys are playing good, snappy ball and hopes to keep them in the lineup.

Mrs. Jack Ellis was hostess to members of a card club on Monday evening.

Blood Bank Will Be Here Soon To Accept Donations

Unit Will Visit Kings Beach, Truckee This Week

The mobile blood bank will be in this district Friday and Saturday, June 8 and 9, for the purpose of replenishing the Sacramento bank where the Tahoe Forest Hospital keeps a reserve supply on deposit.

The unit will be at Kings Beach Friday from 1 p.m. until evening and will be at Capitol Hall in Truckee Saturday from 9 a.m. until 1 p.m.

As the supply is fast diminishing and the needs are growing, everyone is urged by the hospital staff and directors to make their donation at this time.

John Wardman, hospital administrator, said that during the past year 44 units of blood have been given patients in the local institution, the dollar value of which is over \$1,000.

"Donate when you have the chance, because it won't be by chance that you'll get blood when you need it," Wardman said. "It will be because people gave it."

CONTRACT LET FOR TANK TO SUPPLY WATER

The Board of Directors of the Truckee Public Utility District let a contract this week to the Santa Fe Tank and Tower Company of Los Angeles for one 100,000 redwood water tank to be furnished and erected for the sum of \$5,246.70, plus tax.

The only other bidder was the C. W. Null Engineering Company of San Francisco, whose bid amounted to \$6,388, including taxes.

This new tank is to be erected near the site of the present tunnel reservoir of the district and will serve the main part of Truckee and materially add to the reserve for domestic use and fire protection in this section of the town.

The incidental piping and valves, together with the preparation of the site and concrete foundations will bring the total cost for the installation to around \$6,700.

Upon completion of the installation, the tunnel will be given a general overhauling and cleaning, after which there should be a total of about 300,000 gallons of storage water available, Manager C. Edmunds of the district, said.

SUNSHINE GIRLS WILL INSTALL AT MEETING JUNE 12

Donner Council No. 13 Pythian Sunshine Girls will hold an installation of officers on June 17, and on June 12 a newly organized drill team will exhibit public drills in the Odd Fellows Hall. This will be preceded by a potluck supper under the direction of Pythian Sisters Summit Temple No. 79.

Plans for the coming events were formulated at the meeting of the group on June 3, at which Pearl Heller, royal advisor, presided in the absence of the royal princess. She was presented with a surprise birth date gift from the members.

Shirley Bennett, Judy Vaughn and Arleen Copeland became members at the initiation ceremony. A committee, headed by Donna Songer served refreshments at the close of the session.

SKY LODGE WILL STAGE OPENING

Tony and Eve Donadio are inviting their friends and friends' friends to join with them at the grand opening of their Sky Lodge near Tahoe City Saturday evening, June 6th.

The Donados only recently took over management of the resort. A buffet will be one of the many features planned for the evening.

Truckee Woman Honored For Safe Driving Projects

Mrs. Fred Pedley, president of the Wyethia Women's Club and chairman of that organization's Safety Committee, returned this week from Washington, D. C., after being awarded the grand prize scroll presented by the Federation of Women's Clubs for safety campaigns.

This is the first time the award has been made to a California club, and the local organization takes just pride in the outstanding accomplishment.

While in Washington, Mrs. Pedley visited briefly with Senator Kuchel and Representative Clair Engle, among other national figures. The award was made at a safety luncheon meeting by Mrs. Howard Hodge, general federation safety chairman.

The award was made on the basis of the varied campaigns conducted here by the committee. These projects included poster contests by the school children, Girl Scout and Boy Scout activities, traffic essays, organization of an inter-club council, talks and motion pictures given and shown by officers of the California Highway Patrol, distribution of literature and stickers to motorists and a number of kindred programs.

In recognition of her work, Mrs. Pedley was guest on the plane trip and the interesting Washington visit.

The local woman has been appointed safety chairman for the Northern District, Federation of Women's Clubs for the next two years.

RESERVE UNIT OF AIR FLIGHT PROPOSED HERE

Currently, an effort is being made to establish a Voluntary Air Reserve Flight in Truckee.

This flight would be a part of the 9368th Voluntary Air Reserve Squadron in Reno, under the command of Major George E. Warren and Master Sgt. William E. Nance, Administrative Assistant. If there are eight or ten interested AF Reservists (or ex-members of other branches of the service who would like to transfer in grade), this unit can be realized.

For additional information contact Capt. Ronald Eberhart, Truckee; or the Reno squadron headquarters.

CUBS LEARN OF FOREST METHOD

E. E. Boehm, Tahoe Forest Ranger, explained reforestation to members of Cub Pack, Den 2, at the Ranger Station on Tuesday afternoon, when the boys made a field trip.

Mrs. James Walker and Mrs. Robert Leamon were in charge of the outing, concluding with refreshments served in the home of Mrs. Walker.

MIKE GOICOAS HAVE BABY GIRL.

Mr. and Mrs. Mike Goicoa are receiving congratulations upon the arrival of their daughter, Catherine Irene, who was born May 31, in Tahoe Forest Hospital. Her birth weight was a trifle over six pounds, and the attending physician is Dr. George Hahn.

Mr. and Mrs. Jesse Lung of Truckee and Mr. and Mrs. M. Goicoa of Boca are the grandparents.

HOBBY NIGHT AT WYETHIA SESSION

Hobby night will be featured at the regular meeting of the Wyethia Club to be held tomorrow evening, with Mr. and Mrs. Charles Heller displaying their collections of pipes and rare china pieces. Mrs. Elizabeth Bavier will show her collections of stamps and explain the hobby.

Girl Scouts Carol Ann Quilici, Dorothy Reuck, Irene Englehart, JoAnn Allen will lead the Pledge to the Flag, and Mrs. Fred Pedley will preside at the meeting.

Elden Tonini and daughter, Mary Ann, will leave this week for Woodland, where the latter will enjoy a vacation at the home of Mr. and Mrs. Clair Goode.

Donner Residents Propose Unit To Aid Development

Fast Growing District Is Seeking Unity in Problems

Businessmen and other residents of the Donner Lake area as well as nearby communities interested in the development of that region are invited to attend a meeting at Donner Lake Lodge Friday evening at 7:30 o'clock for the purpose of forming a community organization.

Lee Nesbit, who represents the Donner Lake Development Company and Armstrong Realty Company, in announcing the meeting said he does not wish to take a lead in the organization plans, but hopes that the residents of the area can get together for their own protection and to institute plans for continued development projects.

The Donner Lake area has enjoyed an almost boom growth during the past few years, with new businesses springing up throughout the region, and scores of new homes built and being constructed. While this development is welcomed and indicates a healthy condition, there are a few details which every fast growing community must take into consideration, Nesbit indicated.

Recently a state housing official vigorously criticized the lack of what he termed inadequate sewer systems in the area, and called upon the board of supervisors to take some action to prevent pollution or development of an unsanitary condition. The supervisors are holding the matter up temporarily pending an action by the Lahatan District Pollution Board meeting this month.

It is felt by those concerned, Nesbit said, that the district being thus criticized is without an organized unit to act for the area and it is for this reason that it is hoped some kind of a representative organization can be formulated at Friday's session.

It was pointed out that the organization's aims will not be to oppose constructive action, but to work with local and state officials and other district units for forwarding projects designed to aid the area in its continued growth.

PLAQUE PROPOSED FOR COMMUNITY SERVICE BY 20-30

The 20-30 Club will award a small plaque to the man they deem has done most for the community during the past year at the planned Fourth of July celebration to be held at Donner Lake, according to Harvey Hooker.

The civic minded group will also install a large, permanent plaque to be placed in a public spot with the name of the award winner inscribed. Each year another name will be added to the list for posterity.

During the festivities next month the Club will also sponsor games for children under 14 years of age, to begin at 7:30.

The recent benefit show given by the 20-30 Club at Kings Beach for a family in this area, was a pronounced success and the members wish to thank all who contributed toward its goal.

CAL MINAKERS PARENTS OF GIRL

Deborah Ann is the given name of the daughter born to Mr. and Mrs. Cal Minaker on Wednesday, June 3, in the Tahoe Forest Hospital. Deborah, who weighed a petite 5 and 1-2 pounds upon arrival, has a brother, Tommy. Dr. George Hahn is the attending physician.

MRS. CARMITCHEL FETED AT SHOWER

Dorothy Kay, noble grand, presided at the meeting of Rebekah Lodge No. 2, held on May 27.

A handkerchief shower was given in honor of Mrs. A. A. Carmichael, who with Rev. Carmichael, plans to leave here during June.

Mrs. A. Mayer and Mrs. George Kamp served refreshments.

Wakefield Guests—Mr. and Mrs. Al Wakefield had as their recent guests, Mr. and Mrs. Cliff Harrison of San Francisco. Mrs. Harrison is the former Jean Mathis, well known here, where she formerly resided.

At Tahoe—Mr. and Mrs. A. B. White are now at Tahoe City, coming from Sacramento, and plan to remain until September.

Start House—Mr. and Mrs. Lyle Wescoatt have started a house foundation on their Gateway Park property this week.

Swanee's Letter

Tahoe City, May 31.
Dear Tahoeites:
Two of Tahoe City's young matrons, Mrs. Bernie Bechdolt and

Mrs. Violet Pomin, are enjoying a sojourn in Pasadena for a week, having left in the Bechdolt car on Friday last. They are guests of Bernie's sister, Mrs. Pat Marsh, in Pasadena, and plan to return on Thursday of this week. They

left their youngsters at home. Bernie will act as sponsor for her 13-year-old niece, Sheila O'Laughlin, who was confirmed in St. Elizabeth's Catholic Church there on June 1.

Four Tahoe ladies, Mrs. Gladys Anderson, Mrs. Kathryn Corona, Mrs. Alma Sexton and Mrs. Zella Mortimer, narrowly escaped serious injury when the Anderson car, in which they were riding on Friday evening around 6 p.m., driven by Mrs. Anderson, was forced off the road by another vehicle, near the Episcopal Chapel, and was badly damaged. The ladies were enroute to the reception and banquet being held at Donner Lake Lodge by the Truckee Order of the Eastern Star. Aside from being jostled up a bit, and receiving a mild state of shock, none was hurt. Mrs. Sexton returned to her Tahoe Park home for her car and the party continued on to the affair as planned.

Hear this week that details have been completed with F. A. Kilner and Company, by Bertel Anderson and Charles Beardsley, for taking over 60 lots in popular Timberland Tract for development this summer. Work of clearing the roads in the district will start in July, and a number of beautiful modern homes are scheduled for summer building. Mr. Anderson has erected approximately 60 of the 70 homes built in Pineland subdivision, and is now engaged with his partner in promotion of a select tract called Lake Park Terrace, just north of town, where the four-bedroom Hucksins home is now under construction on a choice lakeshore lot. Mr. Kilner is now associated in his real estate business at Homewood with Dave R. Gaynor, who with his wife, is making Tahoe his permanent home. They at present occupy one of the apartments in the Kilner Building in Tahoe City. Mr. Gaynor started his business career in Los Angeles in title insurance, then took four years out to serve Uncle Sam as a lieutenant in the infantry. After completing his service, he spent six years in Auburn, where he was Secretary-Manager of the Placer County Title Company. On April 28, he moved in Tahoe, and except for taking several months vacation in the fall of each year, he plans to remain permanently at the lake. He was an enthusiastic member of Rotary in Auburn, and hopes soon to join the Tahoe group.

A meeting of the by-laws committee of the Women's Club of Tahoe was held on May 27, at the home of Mrs. Alma Guth, president of the club. Those attending included Mesdames Beulah Camell, Wilma Korich, Pearl Snyder Louise Geier, Gladys Anderson, Betty Ball and Jeanette Mitchell. The committee, after considerable discussion, revised and amended the club's by-laws bringing them up to date. Mrs. Camell will have charge of the club's scrapbook; Mrs. Korich is the corresponding secretary; Mrs. Geier is parliamentary; Betty Ball is recording secretary; Mrs. Anderson is treasurer and Mrs. Snyder and Mrs. Mitchell are directors. Mrs. Guth presided.

Constable Harry Johanson of Tahoe City and District Judge Harry Charrison of King's Beach attended the special dinner meeting at the Valencia Club in Penryn on Tuesday, May 26, called by the Placer County High School Administration for the purpose of thrashing out problems of juvenile delinquency and unjustifiable absences from school. The High School Administrators' Youth Welfare Agency summoned all law enforcement officers, including the Placer County Supervisors, members of the District Attorney's office, the Probation Office, Youth Authority, members of the press and the District Judges to discuss the current problems and offer some solution for their prevention. Constable Johanson, in the past, upon apprehending offending juveniles, has turned them over to their parents for disciplining, but the new procedure will be to notify the principal of the elementary school, and the superintendent of the high school, who in turn will mete out the proper action according to the age and grade of the child involved.

Guests at the Imon Mitchell home on Sunday included Mrs. Viola Johnston, widow of the late Bill Johnston of Homewood, and Clynon Mitchell of Sutter, brother of Imon. Mrs. Johnston while here visited the little local cemetery where her late husband is buried and highly complimented the improved condition in which she found it. Thanks to the generous efforts of Constable Harry Johanson, who has taken charge of the little plot since the passing of Bert Watson, for many years in charge there. Constable Johanson would have had his task completed by now had it not been for the wet, cold weather Tahoe has not been enjoying. He is surveying the graves, erecting stakes around each grave, marking off space for future use, plans decomposed gravel walks and head-markers for each grave, and will take full charge of the improvements

which will be made in the very near future. He is making the only authentic diagram of the plot, and when completed it will contain the names of all those who have been buried through the years, within its confines.

Bishop Noel Porter of Sacramento, accompanied by his wife, will arrive at Tahoe in time to conduct first services of the season on Sunday, June 28, at the Outdoor Episcopal Chapel near Tahoe Tavern. Mrs. Herman Rau, daughter of Bishop and Mrs. Porter, accompanied by her husband and little daughter, Beverly Lou, motored up from their Sacramento property, and were house guests of Mr. and Mrs. Jay Shontz in Tahoe City over the weekend.

Mrs. M. G. Best of Woodland was a recent visitor at the lake, coming up to inspect her home, Guth-a-Win-Ga, the former John T. Clark residence, in Sunnyside. On Friday, May 29, Dr. and Mrs. Lee Hand of San Francisco, accompanied by a group of friends, arrived to open their summer home in Timberland for the season. Frank Morgan of Glendale visited briefly at his lakeshore home last week in Sunnyside, inspecting it for possible winter damage. Joe M. Cesa and wife, and Mr. and Mrs. Frank Arata, all of Antioch, spent last weekend at the Cesa summer home in Timberland, the men taking home with them limits of Tahoe trout. A. R. Westphal, "Dolph" to his intimates, who built the present M. O. Johnston estate at Sunnyside over 20 years ago, was a visitor a Tahoe last week, accompanied by his daughter, Barbara. He stopped to visit at his old home and talk with C. A. Swanson, who is back as caretaker once again. Westphal is now a grandfather, as his daughter is married and the mother of a little son, her home being in Alaska. The Westphals have moved from San Francisco to Ross, Marin County. They will enjoy the month of July, as usual, at May-Ah-Mee Lodge.

Mrs. M. O. Johnston is recuperating at her Glendale home following an operation performed

in a Southern California hospital early in May. She and Mr. Johnston plan to open their summer home in Sunnyside as soon as Mrs. Johnston is well enough to make the trip.

Myrl Rose, who has been a house guest at the Imon Mitchell home, has accepted a position for the summer at the Homewood Resort. Mr. and Mrs. J. G. Baldochi and friends of Antioch spent the weekend at the family home in Timberland.

Mrs. Fern Schueter on Sunday was counting the days when she could remove the plaster cast which Dr. Jose Nessim placed on her entire leg on Friday of last week at Tahoe Forest Hospital. Several years ago Fern broke her leg while taking lessons in the gentle art of skiing, and this spring, after coming back to the lake and pitching in to the pile of hard work which reopening a resort for the season entails, she noted her knee swelling and severe pains bothered her most of the night. A visit to the doctor brought the order for the cast, and so she is patiently taking things easy while she recuperates. Her sister, Mrs. Vy Nelson of Oakdale, is with her and will remain for the summer to assist with the resort work. Fern's brother and sister, Mr. and Mrs. Rhen Wilsey of Oakdale, brought Mrs. Nelson here with them on a recent visit. Guest for a month at Schueter's is Miss Myrtle Reed, for 31 years employed by the telephone company at Oakland, where she is chief operator in the information department.

Stanley Z. Bolton has been appointed Acting Postmaster at Chambers' Lodge Postoffice. His wife, Loretta, may also accept a position at the resort this summer. Their daughter, Mrs. Arthur Ables of Roseville, accompanied by her husband, spent the week-end at the Bolton's daughter, Jeanne, Mrs. Pille of Auburn, on April 19, gave birth to a little 7-pound, 11-ounce son, Michael Shaun, in Highland Hospital. The Pilleys have two daughters, Linda Lisa, past three, and Cathy, one year old.

A last minute reminder to all qualified donors to remember their date with the Mobile Blood Bank of the Tahoe Forest Hospital district, which will visit Carpenters' Hall, King's Beach, on Monday, June 8, starting at 1 P.M., and will be in Truckee the following day. Give, that others may

live. Adois, and the best of everything to one and all... as ever, Swanee.

PINE BLOSSOM

The pinon pine blossom is a purplish one, growing at the ends of the twigs.

GOSPEL SERVICES . . .

The Special . . .

Are continuing each Sun., Wed. and Fri., 8:00 p.m., in the Hall - 218 Keiser St. Turn at Cliff's Shell Station to the top of hill and turn right.

Each message is planned to help you to better understand your Bible, your God and His purpose for your life. You will enjoy the reality and reverence of these services.

WOMEN'S CLUB AT TAHOE PLANNING FOR INSTALLATION

TAHOE CITY.— On Thursday afternoon the Womens Club of Tahoe City held a tentative installation meeting at the home of the outgoing secretary Mrs. Louise Geier. This arrangement was made after it was found that the community hall was to be in use that day for the annual registration of veterans for tax exemptions.

The mid-day luncheon was served to an attendance of 35 by Hostesses Betty Ball and Louise Geier, and was followed by a business meeting opened by the outgoing president, Blanche Donaldson. The minutes of the last meeting were read by Mrs. Geier.

As the first item on the slate of new business, a report was given by Florence Vernon on her meeting with the Public Utility directors, at which time a discussion was held, and the opinion of the directors asked, concerning the possibility of a new club house for the women, to be built—if approved—on a site formerly approved for a veterans' building. A lengthy discussion followed this report and it was decided to postpone further plans for the building indefinitely.

At this point the new officers took over pending a more formal installation procedure scheduled for June 4th at Bacci's Inn at Lake Forest. Mrs. Donaldson passed the gavel to the recently elected president, Alma Guth, who proceeded with business by calling upon the new corresponding secretary to read a letter to the club from D. J. Dobas, president of the Auburn Chamber of Commerce. This letter requested the club's support of the four-laning bill No. 1977 and asked that the club send telegrams in favor of it to Senator H. T. Johnson and Assemblyman Francis Lindsay. The club voted to support the bill as presented, leaving out any suggestion for any specific route.

President Alma Guth next spoke in regard to the previously proposed general cleanup of Tahoe's entrance Wye and offered to contact Mr. Fox, superintendent of highways at Truckee and discuss with him possible way and means toward a favorable conclusion of this project.

Jeanette Mitchell spoke briefly concerning a meeting of the Federation of Women's Clubs held on May 14 at Loomis which she attended with Gladys Anderson and Mrs. G. W. Mortimer, members of this club. She said that a letter had been read at the meeting commending the Tahoe club's project of beautifying the Wye entrance.

Proceeding along the trend of new business, Mrs. Guth at this time appointed five women to

CLUB HOUSE SEWER OFFERS PROBLEM IN GROUP SESSION

AUBURN.— The Placer County Planning Commission has voted to take steps to revoke the building permit for a clubhouse on the Brookway Golf Links unless Harry Comstock, the owner, connects the building with a sewer system operated by the North Tahoe Public Utility District.

Comstock proposed to install a septic tank as a substitute but the planning group said the permit has been issued with a notation by the Placer County Health Department that the building must be connected with the existing sewer system.

The action by the planning commission was taken at a meeting in Auburn last week. The property is situated on the eastern side of Lake Tahoe.

meet with her to draw up a new set of bylaws for the club. This had been postponed from a previous meeting as the bylaws had been used for many years without much change. The bylaw committee includes Louise Geier, Jeanette Mitchell, Blanche Donaldson, Pearl Snider and Beulah Carnell.

Mrs. Guth next brought up the question of where meetings will be held during the summer. The Tahoe City Community Hall is likely to be in constant use for various types of county business, court proceedings and other matters, and she suggested the plan of holding the club's luncheon meetings twice monthly at the various resorts between the State and the County lines, along the lakeshore highway. Mrs. Mitchell offered her services as a committee of one to investigate the possibilities, including the costs, of such meetings during the summer.

A letter was read from Constable Harry Johanson asking a \$5 donation from the club to assist with expenses of remarking old graves in the Tahoe City cemetery. The constable heads a committee with the work and a general spring cleanup in and near the grounds is planned.

A discussion was held during the meeting concerning the possibility of the women's club becoming a member of the Tahoe-Sierra Chamber of Commerce. A conclusion of this discussion was postponed as it was thought best to investigate the propriety of the matter before making a definite decision.

In closing the club voted to hold a Founders' Day party sometime toward the latter part of the summer season, honoring the founders of the club. The date for this party will be set at a future meeting. The Women's Club of Tahoe was first organized on May 5th, 1927.

NEW HIGHWAY BARN AT LAKE IS UNDERWAY

TAHOE CITY.— Clearing of ground is under way here this week for the Division of Highways' new Maintenance Station, which will be situated between Highway 89 and the Truckee River, at the south end of the Tahoe City Y.

The new installations will provide a residence for the local foreman, and a 50x72-foot building with steam heat for highway equipment. The highway right-of-way at this point includes a former railroad right-of-way, where the present Pacific Telephone and Telegraph Company's line to the lake have to be moved. Work has already started on the moving job. Also a power pole of the Sierra Pacific Power Company must be moved to provide an entrance to the new yards.

The present maintenance yards are on grounds leased by the State on Highway 89, just south of the Tahoe City Y. Exact cost of the new installation is not available at this time. According to information from the Truckee Highway office, a larger building for housing equipment and offices is being planned there.

Do you know what this car can do?

It can set you a tingle with thrill. It can move from zero to legal speed quicker and quieter than any Buick before it—and with the utter smoothness of a gull in glide—because this is a 1953 Buick with the spectacular getaway of Twin-Turbine Dynaflo.
It can loaf easily up a long steep hill—swoop instantly ahead when there's safe passing to be done—or whisper along at highway pace with throttle barely open—because this is the Buick powered with the world's most advanced V8 engine, with record-high compression of 8.5 to 1.

It can surround you with comfort, luxury, restful ease. It can velvet a rough road with its even softer all-coil-spring cushioning—track true on curves with its solid

torque-tube steadiness—handle like a flyrod with its Power Steering*—gentle to a precise halt with its Power Brakes.†

And it can seat you in the superb comfort of true spaciousness—because this big and brawny beauty is the Buick SUPER Riviera Sedan—roomiest six-passenger sedan made in America.

Above all, this car can give you supreme value—more room, comfort, power and thrill for the money than you can find elsewhere.

Why not come in and see it, drive it, compare it? We'll be happy to arrange matters.

*Standard on Roadmaster, optional at extra cost on other Series. †Available at additional cost on Super and Roadmaster models only.

District School News

KINGS BEACH SCHOOL
Kindergarten and 1st Grade—Bobby Ford celebrated his birthday with a school party given by his mother, Mrs. Ford. Clowns and balloons and a general circus theme prevailed. Ice cream cake and pop made the party complete. Bobby's pre-school sister, Linda, came along to enjoy the festivities.

We welcomed back to our first grade Marianne Bock from San Francisco. Friday her little sister, Kathleen, visited all morning and her mother and baby brother, Michael, visited and had lunch at noon time. Marianne and her mother spoke some German for us and taught us a few German words. We found the words difficult to pronounce.

Rene Robert returned from Petaluma where he spent the winter. We are glad he is back.

Thursday night we gave a program for the PTA. We sang songs and danced around the Maypole in our room. We had a great deal of fun doing it and our parents said they enjoyed watching us. Monday at lunch time, we took the Maypole outside and all the children had a turn to dance around it.

2nd and 3rd Grades—Wednesday, during our language arts, we made up the second verse to the Maypole song. This is what we created:

Sing a song of Maytime,
Winter's gone away,
All around the Maypole
We will dance today.
Sing a song of Maytime,
Vacation's nearly here,
Skip around the Maypole
Lightly as a deer.

We learned our song and we sang it to the PTA Thursday night. We danced around the Maypole too! We also sang two other songs for the PTA. They were: The Muffin Man and Eensie Weensie Spider. We concluded our program with a piano solo by Joanne Johnson. She played Air from Mozart.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

May 26, 1953

To Whom it May Concern:
Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Sleepy C Bar B half mile west of Hobart Mills.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows:

On Sale General (Seasonal) Quarterly.

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

Friday morning for almost an hour we had spontaneous dramatization or socio-drama. Mrs. Wing told us several stories without an ending, then we acted the ending according to the way we thought the story should end. We had an evaluation period afterward. The stories were about telling truth, honesty, loyalty and helping one who is in trouble.

Judy and Linda Lou Draney returned to our class last week. The Draneys spent the winter in Mt. Bullion, California. We are glad to have them back with us again.

4th, 5th and 6th Grades—Our class has had a busy week. We prepared three skits for our final PTA meeting. Tim Johnson, Timmy Mizner and Jo Van Hoosier were the directors and each had his own cast to put on the skits. The parents enjoyed the skits and the class had fun presenting them.

Friday, the 6th grade group went to the high school to prepare for next year. While they were gone, we made posters for the benefit show given by the community. Each of us felt we were doing a share of the work for this wonderful event.

The 5th and 6th graders are finishing their arithmetic books. They feel they are prepared for their next books. The 4th graders are working hard to learn all the multiplication and division combinations.

School News—Mrs. Charlotte Patnoudé, the district nurse, gave the T B patch tests to the kindergarten and the 1st grade.

Friday we had our school picnic at Kings Beach. The PTA furnished the soft drinks and ice cream for the whole school. Everyone was hopeful for nice weather to make the day a wonderful farewell to the school year.

TAHOE LAKE SCHOOL

Kindergarten and 1st Grade—We have been working on test this week. Some of the pictures we have been making with colored chalk are very interesting. We have a new merry-go-round song and game to go with our circus unit.

2nd and 3rd Grades—We are happy to welcome back Bruce Scott. He has been attending school in Carmel.

Vacation time ahead: Plans are being made for summer activities. Several children are going to take summer classes in music and swimming. Others are going to spend their time fishing, hiking and horseback riding.

Several families are planning trips to Los Angeles. Children of these include Joe Sheehan, Jim Schrader, Bette Proctor and Bruce Scott. Binth Rustad plans to go to San Francisco and Sharon Quinn hopes to go to Yosemite. We hope all have a happy vacation.

4th, 5th and 6th Grades—Our 6th grade welcomed a new student, Bary Holbrook, who comes to us from Los Angeles. We are happy to have Sherry Thatcher back with us.

The dance given in honor of the 6th graders was a success. It was headed by the following committee: Mary Ann Stark, Mike Fosberg and Rex Donaldson. This

committee did a good bit toward the earning of \$13.35, the total receipts of the dance. Chaperons included Mrs. Al Henry, Mrs. Albert Fanger and Mr. and Mrs. Robert Briggs.

DONNER TRAIL SCHOOL
This week we completed our tests.

Mrs. Patnoudé, the school nurse gave each pupil a TB patch test and she came in May 22 to take off the patch. She told us of TB and the X-ray unit.

As we have had a long wet winter, we have been talking about water and its uses, good and bad. We talked about drinking water, irrigation water, the water held in snow and the rain. We also talked about water that is fit and unfit to drink.

TRUCKEE ELEMENTARY

Kindergarten
This week our class has been learning to use the blackboard correctly. Many chalk pictures have come and gone and everyone is eager for the 1st grade next year.

We are sorry to hear that Gary Sturcke had the mumps.

First Grade
The first graders composed and wrote letters to Miss O'Brien who was ill with the mumps. They enjoyed having Mrs. Hugh Smith and Mrs. William Altos as their teachers.

The class spent the week discussing and writing illustrated stories concerning their proposed summer activities.

The first graders have studied and talked about different types of poetry this year. Last week composed their own. The subjects varied and the children enjoyed reading them to their classmates.

Second Grade

We had our picnic indoors because of the snowstorm. We played games. Mrs. Wardman, Mrs. Straub, Mrs. Rose and Mrs. Bays served cake and coolade.

We gave our teacher a pretty corsage of red rose buds.

Third Grade

This is the last week of an enjoyable school year.

We wish to say "Thank you" to our room mother and all others who have planned our several parties, picnics and hikes which we have enjoyed.

Fourth Grade

We put the finishing touches on our social studies project. Bill Thornton and Kenton Gardner worked hard getting their puppet stage ready for the show Friday. Varian Frey wrote the play which told the story of the Russians in early California.

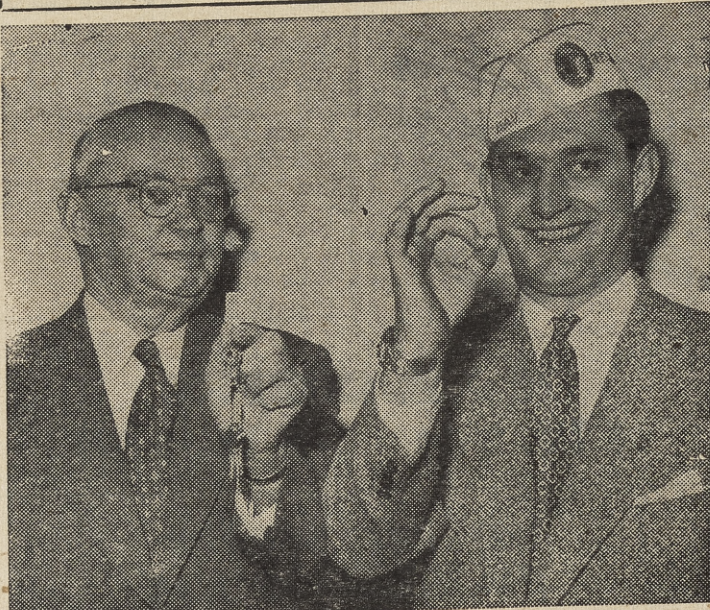

Mrs. George Bergen and all the room mothers worked hard to make our picnic a success. Mrs. Bergen has been a good room mother and all other parents have cooperated with us all year.

Fifth Grade

The 5th graders gave a dance for the 6th grade May 22. About 50 children and adults were present and all enjoyed the dancing and delicious refreshments.

The arithmetic contest finished in a very close race. The team averages figured on 20 tests were as follows: Donald Brown's 87, Paula Kaspian's 81, Jimmy Loynd's 80.

DAV Returns 100,000th Set of Lost Keys

CHICAGO—D. A. Decker of Chicago, left, received the 100,000th set of lost keys returned in a period of a year by the Disabled American Veterans through its nationwide Identity-Tag program. Tom can Veterans through its nationwide Identity-Tag program, officiates at the ceremony. DAV Identity-Tags, carrying motorists' individual license numbers and designed for keyrings, are distributed to 40 million motorists each year. The tag provides key-loss insurance in addition to an opportunity to assist disabled veterans. All funds contributed for the tags are used in the service work of the DAV.

Sixth Grade

The sixth grade held a dance sponsored by the PTA to celebrate the class' departure from the elementary school. The children's parents were invited to help them commemorate this occasion. Mrs. Alys Brown headed a committee of mothers to provide and serve the refreshments.

The class wishes to publicly extend their thanks to the fifth grade for entertaining them at the dance May 22.

SUPPLEMENTAL PROCEEDINGS OF THE BOARD OF SUPERVISORS FOR THE MONTH OF MAY

May 20, 1953

The Board of Supervisors of the County of Nevada, State of California, convened at 10:00 a.m. pursuant to adjournment of May 6, 1953. There were present and answered to their names the following:

Supervisors Curtis R. Clark, John L. Frank, J. C. Coughlan, Guy N. Robinson, Henry G. Loehr.

Supervisors Absent: None. The minutes of the meeting of May 6, 1953 were read by the Clerk and no errors or omissions being noted, the same were duly approved and ordered adopted as read.

A letter dated May 16, 1953 signed by Miss Genevieve Kent was read to the Board urging the Board to approve a bill now in the State Legislature, raising the salary of the Superintendent of Schools of Nevada County from \$5,000 a year to \$7,500 a year.

A letter was read to the Board from the State Department of Public Health dated May 29, 1953, in which the Board was informed that the annual allotment to Nevada County for the fiscal year 1953-54 was being reduced from \$19,412 to \$14,000.

A resolution was read to the Board from the Nevada County Taxpayers Association urging the Board to take no action toward the appointment of an assistant to the Nevada County Farm Advisor.

A letter was read to the Board from Mr. Clifford B. Winkler in which he submitted his name for appointment to the vacancy on the Board of Directors of the Nevada Irrigation District.

A letter dated May 13, 1953, from H. M. Courtney was read to the Board in which Mr. Courtney applied for the position of Road Superintendent. Supervisor Clark stated that in his opinion the Road Department, for the present at least, was going to get along without a Road Superintendent, and the letter was ordered tabled.

A resolution was received and read to the Board from the Nevada County Farm Bureau favoring the appointment of an Assistant Farm Advisor.

A letter was read to the Board from Mr. Homer W. Jorgensen, offering his services in the interest of improving sanitation facilities in the Donner Lake area. This letter was ordered filed for future reference. A similar letter was read to the Board from Lawrence Livingston Jr., offering his services in the interest of improving the sanitation facilities in the Donner Lake area. This matter was also ordered tabled for the present.

A letter from the County Supervisors Association of California was read to the Board in which it was stated that a proposal may soon be placed before the Legislature that vacancies on the Board of Directors of Irrigation Districts be filled by the remaining members of the district rather than by the Board of Supervisors as is now provided by law. The Board felt that the Supervisors should keep the appointing power, and instructed the Clerk to write to the general manager of the Supervisors Association stating the views of this Board and urge opposition to the introduction of such legislation.

A letter was read to the Board from the California National Guard, inviting the Board and the County Clerk to visit, as guests of the Regiment, the annual summer encampment at Hunter Liggett Military Reservation on June 26, 1953. The letter stated that those who desire to drive to Hunter Liggett Military Reservation by private car, arriving the evening before, that quarters are available at the Hurst Ranch House, and that members will be picked up on the morning of June 26 immediately after breakfast to observe the day's activities. The letter further stated that those who wish to travel by air, a National Guard Transport Plane will pick them up at Marysville Airport at 8:30 a.m. June 26, returning them at 8:30 p.m. the same day. Members of the Board expressed themselves as not being able, at this time, to make up their minds as to whether they wish to attend or not. The Clerk was instructed to again read the letter at the June 1 meeting.

A letter was read to the Board from the Grass Valley Chamber of Commerce in which it was stated that the Chamber of Commerce was renewing their endorsement of a minimum security institution being located in Nevada County. The letter stated that cards were mailed out to the entire membership of the Chamber of Commerce, and to the date of the writing of this letter, 181 replies had been received and of that number 172 were in favor and only 9 were against the establishment of such an institution.

A letter was received from the Grass Valley Chamber of Commerce indorsing the activities and plans outlined by the Highway 20 Association, and urging the Board to give said Association its full support.

Letters were read to the Board from the Bethlehem Pacific Coast Steel Corporation and the Department of Natural Resources, Division of Forestry of the State of California requesting permits to

travel over all Nevada County roads with over-weight equipment. These letters were tabled for the present, to be taken up later in the day.

Mr. Bruce Waybur of the Harold F. Wise Associates addressed to the Board personally, regarding the health situation at Donner Summit. He stated that if the Board feels that his services would be needed, he would be glad to be considered for the appointment to a fact-finding visit to this area. He stated that \$100 a day would be the approximate cost of a field survey. The Board thanked Mr. Waybur and stated that he will be considered along with others if the Board decides to go into the matter further.

Malcolm Hammill again appeared before the Board representing the 4-H Councils of Nevada County, regarding the appointment of an Assistant Farm Advisor and urged the Board to take action on this day regarding this situation. Sheriff Brown also spoke in favor of the appointment and stated that the 4-H Program was a very good program and that it helped the juvenile situation of the County. Sterl Boothby also spoke in favor of the appointment. Miss Silvia Hammill addressed the Board regarding 4-H activities. Mr. G. Otis Ogden, president of the Taxpayers Association, addressed the Board in opposition to the appointment. Members of the Board interrogated Mr. Hammill regarding the services of an assistant, and also Mr. William H. Brooks, the Nevada County Farm Advisor. Mr. Brooks stated that the expense to the County would be an additional automobile to be placed at the disposal of an Assistant Farm Advisor. The Board postponed action on this matter until the afternoon session.

The Board again considered the matter of a fire protection agreement with the State of California. After considerable discussion on this matter, and on motion of Supervisor Clark, seconded by Supervisor Robinson and unanimously carried, the Board voted not to renew the annual fire protection agreement this year. The District Attorney advised the Board to place a sufficient sum in the 1953-54 budget to take care of any possible future fire protection agreement with the Fire Department of the City of Nevada City in this regard, or any other agreement the Board may decide to accept.

The Board then considered the appointment of a Certified Public Accountant to audit the books for the fiscal year 1952-53.

Supervisor Clark reported to the Board that he had contacted the Foreman of the Grand Jury and that the Foreman of the Grand Jury had instructed him to advise the Board to go ahead and make the appointment because of the fact that the present Grand Jury had about completed its labors.

The Board then considered the three proposals now on file with the County Clerk. The proposal of Lyman Straine and Company of Sacramento being the low bid, on motion of Supervisor Robinson, seconded by Supervisor Clark, the bid of Lyman Straine and Company for \$1,000, plus mileage and actual expenses for hotels and meals, was accepted, and the Chairman and the Clerk were duly authorized to sign a contract with Lyman Straine and Company for this work.

The Board then considered the appointment of a Director of the Nevada Irrigation District to replace Director Amlin who had resigned. Mr. Clifford B. Winkler having received the indorsement of the landowners in Division III of the Nevada Irrigation District, and his being the only applicant for appointment on file, on motion of Supervisor Clark, seconded by Supervisor Frank and unanimously carried, Mr. Clifford B. Winkler is appointed Director of Nevada Irrigation District, District III for the unexpired term of Mr. Robert Amlin. The Clerk was instructed to issue a certificate of appointment to Mr. Winkler.

Mr. James Sims of the State Board of Equalization appeared before the Board and explained equalization practices of the local County Assessor. Mr. Sims stated that Assessor Tamblin has brought his assessments up to any comparable Assessor's Office in the State of California, and spoke very highly of Mr. Tamblin's office. Mr. Sims urged an increase in the salary of Assessor Tamblin and his staff. He recommended a salary for the Assessor of \$6,600 per year; a salary for the chief Deputy Assessor of \$4,092 per year. He also recommended an accountant in the office at a salary of \$2,640; an intermediate clerk at a salary of \$2,448 per year; two appraisers at \$4,200 per year each, and one draftsman at a salary of \$4,200, said draftsman to act as an additional appraiser when needed. Mr. Sims also spoke about the maps now in the Assessor's office and stated that by the adoption of a recommendation of the Department of Assessments standards of the State Board of Equalization the additional expense of \$25,000 would bring the maps up to date. He stated that the State Department of Finance would not expect all the money paid over in one fiscal year, but that the expense of the standardizing of the maps

could be spread over a period of three to four years. The Chairman advised Mr. Tamblin and Mr. Sims that the matter would be studied and considered at budget time.

Mr. Mary Hadley, Miss Louisa D. Adams and Mr. Norman Hendrickson, representatives of the State Department of Social Welfare, met with the Board of Supervisors to discuss the Nevada County Welfare Department. Among the recommendations were an increase in the personnel of that department by the addition of a Welfare Case Supervisor and an Accountant Clerk, Grade II, and also an increase in the salary of the Welfare Director by promoting him from a Director Grade II to a Director Grade III. The salary of the Director Grade III carries a salary range of \$538 to \$436 per month. The salary of the Social Worker Supervisor carries a range of \$295-358 per month. The salary of the Accountant Clerk, Grade II, carries a monthly salary of \$200 to \$243 per month. Both Mrs. Hadley and Miss Adams urged the Board to give serious consideration to making aid payments more promptly, either by presenting finished aid cases to the Board often than once a month or by delegating the Welfare Director to approve aid grants when completed by the case workers. Mr. Hendrickson, fiscal field representative from the Department of Social Welfare, discussed briefly the matter of proper payment for terminal leave and vacation time earned by welfare employees up to the time of their resignation. The Board agreed to refer the matter to the District Attorney and the County Auditor for further discussion and correction of any error which may have occurred in the past. The District Attorney stated to the Board that his office is preparing a new ordinance for consideration and adoption by the Board and it will be presented probably at the June 1 meeting.

Colonel J. S. Gorlinski, Elective Officer of the Central Valley Region of the State Water Pollution Control Board appeared before the Board relative to the water pollution situation in the County. The Chairman of the Board suggested the appointment of a committee to work with the Region's Water Control Board to make recommendations to the Board of procedures to follow to correct the pollution situation not only in the Donner Lake area, but also in the entire County.

Supervisors Clark, Frank and Loehr who have definite pollution problems in their district indicated that they would name groups from their district to sit in with representatives from the State Health Department, the Pollution Control Board, and the Housing Division of the State Department of Industrial Relations, and attempt to work out some form of program to present to this Board of Supervisors for future action.

The matter of an assistant for the Farm Advisor was again brought up for consideration at this time. Mr. Robert Hoffert, a farmer and land owner in the County, spoke on the needs of an Assistant Farm Advisor not only to help direct the 4-H Program, but also to assist Mr. Brooks in his work of directing the farmer's problems. After due consideration, on motion of Supervisor Clark, seconded by Supervisor Robinson and carried by a 4 to 1 vote, Supervisor J. C. Coughlan voting no, the Board voted that William H. Brooks, the Nevada County Farm Advisor, be authorized to request the Regents of the University of California, through the extension service to assign an Assistant Farm Advisor to Nevada County. The Clerk was directed to notify Mr. Brooks of the action of the Board by letter.

Members of the Nevada County Probation Committee, consisting of Mr. John E. Keegan and Reverend Max Christensen, appeared before the Board and made the following recommendations:-

1. A recommendation for the dropping of the Nevada County Hospital Grounds as a site for a juvenile detention home.
2. Withdrawal of all present architects' plans for a detention home.
3. Use of the Nevada City Jail as a place to put juveniles while they await hearing for transfer to the California Youth Authority.
4. Use of minimum security places outside the County for rehabilitation of youths not hardened offenders.
5. Eventual acquisition of such a minimum security youth center in the County with a small acreage for agricultural plots.

It was pointed out by the Detention Committee Members that no charge will be made to the County for the use of the Nevada City Jail and that all adult prisoners for the Nevada City Jail will be placed, in the future, in the Nevada County Jail at the Court House. Members of the Board, in discussing this matter with the Probation Committee members present, felt that this was a very good thing and the District Attorney was instructed to contact City Attorney John L. Larue to discuss an agreement with the city for the use of the City Jail. Mr. Keegan stated to the Board that the plan, as outlined here, met with the approval of Juvenile Judge James Snell. The matter will be again discussed by the

Board at the time the agreement between the City of Nevada City, and the County is brought up for consideration.

C. W. Veale, Superintendent of the Nevada County Hospital, requested the Board to clear up the situation in regard to the Assistant County Physician, Dr. George A. Foster. On motion of Supervisor Coughlan, seconded by Supervisor Frank and unanimously carried, it is ordered that Dr. George A. Foster be appointed Assistant County Physician at a salary of \$250 per month to be paid out of the Medical Emergency Fund until an ordinance is adopted was unanimously carried and so ordered. Mr. Veale also requested the Board to complete plans for the finishing of the hospital roof. This matter was continued to June 1 for discussion and final disposition. Also, further discussion will be had in regard to the completing of the hospital's annexation to the city sewer line on June 1.

Supervisor Clark brought up for discussion the matter of weight limits on unimproved County Roads. He pointed out that heavy over-loaded trucks were using the Ridge Road at the present time and there was no ordinance governing legal weight limits now in existence. He stated that Captain Blake of the Highway Patrol had secured the necessary equipment for weighing and checking trucks on that road, but at the present time he needed instructions as to what he was to be looking for when he stopped any trucks on this road.

It was a suggestion of the District Attorney that state legal limits now in existence would prevail until an ordinance can be formulated and adopted. The matter of adoption of an ordinance will be considered by members of the Board for action at a future meeting.

Mr. James Pheland requested permission to construct a cattle guard over the county road on the Pasquale Road at his own expense. The matter was discussed by members of the Board and on motion of Supervisor Clark, seconded by Supervisor Robinson and unanimously carried, it is ordered that the County Road Commissioner get in touch with Mr. Pheland relative to the installation of said cattle guard and report back to the Board.

County Superintendent of Schools, Melville O. Johns, appeared before the Board and requested the budget transfer of \$60 from Records and Warrant Books to the Telephone category in his Maintenance and Operation Budget. Transfer the sum of \$6.80 from Special Elections Envelopes in Postage category to Ballots category and the sum of \$6.84 from Precinct Supplies to Ballots. The transfer of the sum of \$60 from the budget of the County Committee on School District Organization Travel category to County Superintendent of Schools Travel category.

The County Road Commissioner presented to the Board an amended maintained mileage schedule for the county roads and requested adoption of a resolution covering the same. On motion of Supervisor Coughlan, seconded by Supervisor Robinson and unanimously carried the following resolution was adopted and the Clerk was instructed to certify copies to be sent to the said controller:

Resolution in full establishing revised mileage of county, maintained mileage to 449.28 miles.

The matter of taking over and maintaining the road south of Butler Road just below Dr. Lovas's office was again discussed by the Board members with the County Road Commissioner. Supervisor Frank stated that in his opinion something should be done to bring this road into some kind of condition for travel by school buses and so forth in picking up children on their way to school. The District Attorney advised the Board to proceed to secure rights of way before putting any equipment on this road and the Road Commissioner was instructed to take whatever steps are necessary to procure these rights of way as soon as possible. The matter will again be discussed when this has been taken care of.

The Board determined that 1 F.W.D. Truck, 1942 model, 6 Cylinders, 2 1/2 yard capacity, serial number 90098 is no longer needed for public use, and that its value is under the sum of \$75, and should be sold. It is ordered that the proposal of the Grizzly Creek Saw Mill to purchase this piece of equipment for the sum of \$60 plus sales tax be accepted, and the Clerk was ordered to prepare a Bill of Sale made out in the name of the Grizzly Creek Saw Mill. On the motion of Supervisor Clark, seconded by Supervisor Frank and unanimously carried, it was ordered that we have several articles of equipment listed as junk, to be of less than \$75 in value, and the County Purchasing Agent is ordered to sell the same at public auction.

The matter in regard to the Bill now before the Legislature to increase the salary of the County Superintendent of Schools is ordered continued until the June 1 meeting for any action the Board may decide to take.

No further business to come before this meeting, adjournment was taken sine die.

NOTICE OF TRUSTEE'S SALE AT PUBLIC AUCTION

WHEREAS, MICHAEL S. RICHARDS and FLORENCE M. RICHARDS, his wife, Trustees, by Deed of Trust dated August 15, 1951, and recorded August 15, 1951, in Book "163" at page 524 of Official Records, of the County of Nevada, State of California, did grant and convey the premises therein and hereinafter described to H. F. Kirtlan and R. N. Philpot, as Trustees, to secure, among other things, the payment of the Promissory Note executed on August 15, 1951, by Michael S. Richards and Florence M. Richards, for the principal sum of \$16,000.00, together with interest thereon at the rate of 5 per cent per annum, in installments of \$175.00 monthly, such installments to include such interest, and the payment by said Michael S. Richards and Florence M. Richards of all taxes levied against said property, and

WHEREAS, by an instrument in writing dated February 5, 1953, A. J. Walters and Mary P. Walters, beneficiaries, give notice of the substitution and appointment of INTER-COUNTY TITLE CO., a corporation, as Trustee in the place and stead of H. F. Kirtlan and R. N. Philpot, the trustees in said deed of Trust executed by MICHAEL S. RICHARDS and FLORENCE M. RICHARDS, his wife, to H. F. Kirtlan and R. N. Philpot as trustees for A. J. Walters, beneficiaries, dated August 15, 1951, and recorded in the office of the Recorder of Nevada County, California, on August 15, 1951, in Book "163" of Official Records, at page 524, and vesting in said substituted trustee all the right, title, estate, power, duty and trusts conferred by said Deed of Trust upon the trustees therein named, and

WHEREAS, default has been made under said Deed of Trust and said Note in this:

Trustors have failed to pay:
(a) Interest and principal as follows:

Payment of interest and principal in the sum of \$175.00, due January 15, 1953;

Payment of interest and principal in the sum of \$175.00, due February 15, 1953.

Trustors have failed to pay:
(b) Taxes levied upon the property described in said Deed of Trust, by the County of Nevada, State of California, in the sum of \$960.87, together with accrued penalties and costs in the sum of \$32.63.

Trustors have failed to pay:
(c) Principal and interest upon a certain Promissory Note dated July 18, 1951, executed by Michael S. Richards and Florence M. Richards, his wife, in the principal amount of \$25,000.00, the unpaid balance of said principal amount being \$21,647.62 as of November 1, 1952, the holder thereof being the Bank of America National Trust and Savings Association, Truckee Branch, Truckee, California, the principal and interest installment due and unpaid as of February 1, 1953, being in the sum of not less than \$1,025.00; and said promissory note is secured by a Deed of Trust which is prior to the Deed of Trust referred to first hereinabove.

WHEREAS, the said Deed of Trust dated August 15, 1951, and first referred to hereinabove, provides that if default be made in the payment of any of the sums of principal and interest when due, the owner and holder of said note may declare the whole of the principal and interest thereon immediately due and payable and require the said trustee to sell the property thereby granted; such sale to be made after the holder of said note shall have filed in the office of the County Recorder of the County where the property is situated, a notice of such breach and of election to sell, and three months shall have elapsed from the date of said recording, and

WHEREAS, A. J. Walters and Mary P. Walters, as owners and holders of said Note dated August 15, 1951, and first referred to hereinabove, did declare default had been made as aforesaid and did declare the whole of the principal and interest immediately due and payable and thereupon on the 20th day of February, 1953, did record in said County Recorder's office, in Book "181", at page 580 of Official Records, due Notice of Breach and of Election to sell the premises hereinafter described to accomplish the objects of the trusts therein expressed;

NOW, THEREFORE, notice is hereby given that by virtue of the authority in it vested by said Deed of Trust, dated August 15, 1951, and referred to first hereinabove, the undersigned will, as Trustee, sell at public auction in the manner provided by law, to the highest bidder, for lawful money of the United States on Monday, the 22nd day of June, 1953 at the hour of 11:00 o'clock, in the forenoon of said day, at the front door of the Court House, in Nevada City, County of Nevada, State of California, all the interest conveyed to and held by the undersigned, as

Trustee, by the aforesaid Deed of Trust, dated August 15, 1951, and referred to first hereinabove, in and to all that certain real property set forth therein, situate in the Town of Truckee, County of Nevada, State of California, and particularly described as:

"Lot 6 and the West 5 feet of Lot 7, in Block "B" of the Town of Truckee, as said lots and block are designated upon the official map of the said Town of Truckee, filed in the office of the County Recorder of the County of Nevada, July 15, 1890."

Dated May 28, 1953. (SEAL)

TAHOE TOPICS

by ETHEL J. VERNON

Saturday this week was about the only day among the last ten that could rightly be called fair. Throughout the rest of the time the showers came and went, as spring showers are supposed to do, only this season it seems the spring showers hang on rather

late. We are thankful to say that only twice during the week the moisture turned to snow for a short time, but melted away almost immediately. The damp weather, however, is no longer dampening the spirits of summer people and visitors to the lake region, as every day now sees the lake highways crowded with traffic, and hundreds of people in and out of all business and eating places. Two traffic

officers have been delegated from headquarters to patrol the lake region for the summer, from this week on. Summer home owners who opened their lakeshore places during the past few days include the following: Just south of Tahoe Tavern, Commander and Mrs. J. H. Todd opened their home in time for opening of fishing on the river, which sport the Commander is very fond of. Near the Todd place, Mr. and Mrs. Jack Bogart opened their lakeshore home during the weekend, with his mother, Mrs. H. W. Bogart, as house guest. Mr. and Mrs. Alfred Caroni of San Francisco have opened their summer cottage at Tahoe Park, and doing considerable renovating and remodeling there. At Tahoma, the Tahoe Cedars resort opened this week under management of Mr. and Mrs. Jack Smith, who wintered in the Bay region. Mr. and Mrs. Herbert Dana, of Oakland, have also opened their Tahoma place for the summer. Dana is an insurance broker of that city. Mr. and Mrs. Hogan of San Marino have opened for the summer season the Carnelian Bay home of her late father, C. D. Pettit. At the old Fleischacker home at Eagle Cliff, Mrs. W. J. Burns and daughter, of Piedmont, are in for the season. Albert Miller of San Francisco, who recently purchased the Hillier Brown estate, is busy this week with renovation preparatory to opening soon. Mr. and Mrs. J. R. Sears have opened their Sunnyside Lodge and Boat Company, and both lodge and boat concessions are buzzing with activity. Dr. and Mrs. Wm. F. Henry and family were up from the Valley to their Tahoe City home this weekend, and said that two weeks hence they will return again to open it for the summer. The Rev. and Mrs. Herman Rauh of Sacramento, were guests of Mr. and Mrs. Jay Shontz of this city during the past weekend.

On May 30, opening day of fishing season on the river and in back country lakes and streams, numbers of visitors came in from neighboring towns and communities to take advantage of the first fishing. The banks of the Truckee River were live with fishermen throughout the day. But, while several fair catches of fish were taken from the lake on that day, very few were caught from the river. Bob Seibold of Truckee made his usual nice catch from the lake but reported no luck on the river. Only one good-sized fish was reported caught from the river on the

opening day, a four-pound German Brown, caught by a visitor from Reno, whose name could not be learned. Resident fishermen pronounce the river and back country opening the poorest in many years. On Sunday, however, a nice river limit was brought in by Phil Korich, a Tahoe City teen-ager. The youthful fisherman caught eleven fish in all. His two largest were a German Brown 20 inches long, and a 17-inch brook trout.

Among summer residents who motored up from city and valley homes especially for a weekend of fishing were the following: Frederick G. Mayhew of San Francisco, to his home on Ward Creek and the lake highway; Mr. and Mrs. Don Williams, all the way from Glendale, and instead of opening their lake home they spent the three nights at Tahoe Pines Lodge; M. Dalton and daughter, Lois, of San Leandro, to their home near Rampart on the river; Mr. and Mrs. Edward Wallis of Piedmont, to the M. C. Milton home at Sunnyside Beach (Mrs. Wallis is the former Ann Milton); and Mr. and Mrs. John A. Hahn of Marysville, with their four children, who spent the weekend at the Tahoe City home of Mrs. Hahn's mother, Mrs. John Pingree. The Hahns spent Saturday fishing on the lake, but had no luck.

A bride and groom who drove up the Truckee River to Tahoe City on Saturday, were Mr. and Mrs. Larry O. Parsons. Mrs. Parsons, who was driving, ran into some very bad luck on the river highway when she tried to miss a rock which had rolled from a steep bank. She missed the rock, but jammed the front of her new car into a truck which was traveling the other lane of the road. Both cars were moving slowly, but even so, the bride's car sustained unsightly damages. The couple spent the weekend at the Lake Chalets in Tahoe City.

Mr. Loren Holmwood, a resident artist of this locality, is preparing this week to really get down to business in laying the remainder of the foundations for the building construction which he has been trying for sometime to start on his property near the Truckee River outlet. Practically the whole of the past month, Mr. Holmwood says, has been rather discouraging to his efforts toward a start in building construction. He plans to build with native logs, and for this will need substantial foundations. He indicates that

his tentative expectations include living quarters adjoining an art shop, and added to this he plans an aquarium—something quite unique in this locality. It will enclose the several varieties of mountain trout native to the lake and river. A printed notice will mark each compartment of the aquarium, with information on the species of fish enclosed. Thus visitors will be able to gain this information without asking questions.

Dr. and Mrs. H. H. Searls of the Bay region were in for the weekend at their summer home near Carnelian Bay. They may be up again for a few days in June before leaving in July for an extended European tour. Upon his arrival at the International Convention of surgeons, a Lisbon in Portugal, Dr. Searls is scheduled to read a very important paper on the subject of "Cancer of the Thyroid." While he is highly experienced in the medical field in general, the doctor specializes in thyroid surgery.

Mrs. Rose Boylars left her Tahoe City home on Monday for a motor trip to the Bay region by way of Placerville. She planned to spend Monday night in Placerville at the home of her friend, Mildred Reynolds, sister of "Sarge" Reynolds of Truckee. She expected the next day to drive on to the Bay region home of her sister-in-law and husband, Mr. and Mrs. Gus Daldas, where she will visit a few days, and, on June 5th, will attend the graduation of her niece, Aglaia Daldas, who will graduate at that time from the State Teachers' college there.

Pete Vanni of this city left on Saturday for a motor trip to San Francisco and a short visit there at the home of his brother, Carlo. Upon his return he planned to bring with him his mother, who will reside permanently here with Pete, in the old Vanni home which he has recently renovated completely, adding many comforts and improvements.

At the A. M. Henry home during the past week some very effective renovation and interior decorating has been done. The walls and ceiling of the large living room were repainted and a preparation used on the walls

for brightening the knotty pine to a satin finish, making the room look larger and lighter. New draperies were hung, and the room slightly enlarged to furnish a television alcove where the programs show to a greater advantage. Also a new electric wall heater has been added, which makes for added comfort all over the room. The Henry's planned for a crowd of about a hundred television fans on the evening of the Coronation showings, and expected to have to move the set into the garage again for the evening.

A house guest at the Tahoe City home of Mr. and Mrs. Gus Gehlert this week is Gehlert's brother, Walter, of the Army Artillery. The length of his furlough here is indefinite, as he expects to be called any day for overseas service in the Far East.

A letter from Kathleen Starratt to her mother, Mrs. A. M. Anderson, states that the Elbo Ranch, which Kathleen manages, near Jackson Hole, Wyoming, is now open and flourishing with summer business. Miss Brooks Linton, a friend, who drove with Kathleen as far as the National Park, has been employed there at the headquarters office as secretary, and will live at the ranch this summer.

Mr. and Mrs. Sam Sholand of this city has as house guests over the weekend Mrs. Sholand's daughter, Viola Bosen, and her two daughters, Rosetta and Belva. Lewis Fellows, the Tahoe Ski Club's ace skier, attended what is expected to be his last ski competition for this season, over the weekend. His father, Ray Fellows, accompanied Lewis to Sonoma, where the ski meet was held. He participated in the slalom and down-hill races.

Mr. and Mrs. Arthur Wilkie of Oakland, who have opened their home at Tahoe Park for the summer, are doing a great deal of renovating and improving the place. They said they intend to put the home up for sale this fall.

Lannie Poulsen, small son of Mr. and Mrs. Wayne Poulsen of Squaw Valley, underwent a tonsil operation at the Washoe Hospital on May 26. He is at home

Providing For
the Future -

The increasing needs of our community and its future health and prosperity require that your Utility District make constant improvements in its facilities to assure adequate utility service both for today and tomorrow.

More water for the ever-increasing needs of Truckee and vicinity will soon be supplied by the addition of two 100,000-gallon tanks. These, together with the necessary piping and valves, will cost approximately \$15,000.

The constant improvement of present facilities to meet future demands is of the greatest concern to your Board of Directors and Management at all times.

SUCCESS MARKS
FISHERMEN PARTY
AT LAKE TAHOE

TAHOE CITY—Fishermen's Luck Month sponsored through the month of May on the lake by the Lake Tahoe Sierra Chamber of Commerce held a successful closing party Saturday evening at the Wagon Wheel night club, near the State Line. Honoring the Chamber and its excellent work on this project, a fish dinner was served at 5:30 p.m. in the club's dining room. This was followed at 7 p.m. by a drawing for various awards scheduled at this time.

Eleven fishermen's awards were drawn at random from a box holding scores of them which were marked with various information to be turned over later to the Fish and Game Commission. Names called for awards were successively as follows:

No. 1—Robert A. Carpenter of San Francisco, awarded a trolling rod completely rigged for deep water fishing.

2—Six-year-old Reggie Smart of Truckee, fishing rod, reel and line.

3—E. H. Houx of Loomis, trolling boat set, with cushion and spring seat.

4—Nat Quilici of Truckee, a coverall uniform for wading.
5—Hugh Rieger of Orinda (Contra Costa County), an outboard folding boat-seat, with buoy marker.

6—William Clayton, Recreation and Travel Dept. manager for the Sacramento chamber of commerce, a chest of numerous items of lake fishing tackle, valued at a total of \$200.00.

7—Allan R. Plympton, age 16, of Tahoe Valley, a fishing outfit, including fishing knife, reel and mitts.

8—Max J. Kruger of Kings Beach, a trolling reel and eight kinds of plugs.

9—J. B. Abgelaf of Sacramento, a creel, a deep-sea line and several lures.

10—Steve Craig, an old-time Tahoe fisherman, was awarded a minnow bucket with an assortment of plugs.

11—Cork Powell of Kings Beach, a deep-sea copper line and a diving compass.

The mysterious "Old Hack" award was drawn by Mrs. Eugenia Fry of Kings Beach, and proved the big surprise package of the entire drawing. It was an outboard motor.

Award for the largest fish caught during the month was a silver-tipped trolling rod, with reel, line and hook, and was won by E. F. Whistler of Campbell, Calif. Whistler's big fish was a 22-lb. mackinaw, 39 1/2 inches long, caught on a live minnow, in deep water off from his summer home near the State line.

Lady's prize, a fishing rod and tackle, went to Mrs. K. W. Squire of Gridley, Calif., and the Miss award, a pair of water skis, to Miss Janice Foley, 16, summer resident here.

From a field of one dozen top-notch liars, the Liars' awards: 1, 2 and 3, respectively, were won by Louis D. Ferrari of Carson City, C. W. Vernon of Tahoe City and Bob Seibold of Truckee.

—E. J. V.

SEWER SYSTEM
DISCUSSED AT
AUBURN MEET

TAHOE CITY—Directors of the Tahoe City Public Utilities, C. W. Vernon, N. R. Mayfield and Ernest H. Pomin, motored to Auburn on Friday, for a meeting with Attorney Paul Chamberlain and E. A. Johnson, consulting attorney and engineer on Tahoe City's proposed sewage disposal system.

Mr. Vernon, president of the District, said considerable details were worked out at this time. He said the most definite encouragement for getting the project under way in the near future was the telephoned approval of it by the State Water Pollution Control Board. This board approved revisions and deletions in treatment plant plans that should bring the construction cost within the means of bonds approved by the people last year. Bonds approved included \$97,000 in General Obligation, and \$29,000 in Revenue bonds.

The formal approval of changes in the treatment plant plans is expected here this week. In the meantime the directors are attempting to obtain the few remaining rights-of-way and acquisition of land to use for treatment plant and disposal grounds. Carl Becholdt, sr., has agreed to sell the land to the District when the site is completely laid out. Vernon said it is hoped everything will be ready to advertise sale of bonds, and call for bids on construction not later than June 15.

NOTICE OF INTENTION TO
ENGAGE IN THE SALE OF
ALCOHOLIC BEVERAGES

May 27, 1953.
To Whom it May Concern:
Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:
Hwy. 89, Tahoe City.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows:
On Sale Beer.

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

NAME OF APPLICANT:
Earline Brumbaugh.

From where I sit... by Joe Marsh

A Little Headwork
Saves a Lot of Footwork

"I don't ever aim to give up fishing," Pappy Hayes said one day—"but the older I get the less I like hiking over to Pike's Creek. Guess I'll have to bring the fish nearer to me."

So Pappy got his nephew to bulldoze down about three acres of bottom land. Then he dammed up the little stream there.

He wrote the U. S. Fish and Wildlife Service, in Washington, and got some "blue gills" and bass to stock it—free. Pappy's idea wound up giving him (and us) just about the best fishing pond in the county... right in his own back yard.

From where I sit, Pappy may be older than some of us but his mind is active—and open. He's ready to listen to anybody with an idea. That's why he and I can talk on any subject—sometimes about his preference for buttermilk and mine for beer. And though we disagree, we respect each other's opinion. That's neighborliness without a "catch" to it.

ON COMMERCIAL ROW
IN DOWN-TOWN TRUCKEE
CHARLES OSBURN, Manager

NORTH TAHOE

by THELMA BURROUGHS

Jake Glunt, Meredith Siple, L. M. Mosier and Fred Vercoe did some much-needed work on the church building last Monday. That evening their ladies joined them, serving a pot-luck dinner at 6 p.m. Also present for the dinner were Mrs. Landcaster, Mrs. A. Blaue, Mrs. Price and Bob Murray.

Mr. and Mrs. Margaret Ward of Dwe-Mar Cottages were hosts last weekend to a group of Masons and Eastern Star members, sufficient to completely fill their cottages.

The past week has been a busy one for the Dan Andersons of Tahoe Vista. In spite of the adverse weather conditions visitors have started their trek to the Lake, especially to the Andersons. On Friday Mr. and Mrs. Everett Farwell of Alameda, and Mrs. Margaret Lauritzen of Los Angeles dropped in, by invitation, of course, at the Anderson home. The ladies are Past Grand Matrons of the Grand Chapter of the Eastern Star of California. Their main purpose of being at the Lake last weekend was to attend the official reception at Truckee of Mrs. Gilma Vick Moyer, Worthy Grand Matron of the year. Mrs. Moyer hails from Los Angeles. Also in attendance

were Leona Smith, Norma Ernst, and Gen. Clarke, three deputy Grand Matrons.

On Monday last the Andersons were completely surprised when old friends from Lindsay, California, their old home town, dropped in on them. These dear old friends were Mr. and Mrs. Trudeau Gable, Louise Richardson and Lottie Gable, who were concluding a five-weeks tour of the East Coast.

Everyone is wishing a satisfactory recovery for that smashed foot and ankle belonging to Gene Howard of Howard's pier. During our recent big storm, Howard tried vainly to save all the craft there. The foot was caught between two boats.

The Lake Tahoe Chamber of Commerce can well be proud of its final get-together winding up its "Fisherman's Luck Month" program. Fred Main, president, read the names of those lucky winners of awards in the New Sun Room at Harvey Gross' Wagon Wheel Casino, following one of the finest buffet any of us ever enjoyed.

The Chamber has some interesting and informative material for the Fish and Game Commissions of both California and Nevada, as a result of those little booklets handed to fishermen who returned a good number of them with jewels of information. Those of

CHARTER NIGHT FOR ROTARIANS

Truckee Rotary Club members and their ladies will attend Charter Night festivities, to be held in Donner Lake Lodge on Monday evening, June 8. On Monday evening, June 1, the group met at Brown's Cafe, and viewed a comprehensive colored film of 100 years of the Pacific Gas and Electric Company service in California.

Charles Osborn presided at the meeting, which included as guests, Chester Hach, J. B. Howell, D. T. Hite, all of Auburn; Robert Wray of Tahoe City, and H. I. Snider of Nevada City.

Mr. and Mrs. Robert Briggs of Tahoe City are driving a new Buick sedan purchased from the Ouburn Buick Garage here.

The general membership who failed to attend, not only missed a chance to prove your support to the Chamber, but also a very good time, as well as a chance to come in for one of those prizes. The "Fisherman's Luck Month" program is expected to start next mid-May, ending in mid-June.

CAMP BENEFIT FEED PLANNED

FLORISTON—To raise funds to send a child to summer camp, a spaghetti dinner will be served in the home of Mrs. Lester Felesina on Sunday, June 7, by members of Dat-So-La-Lee Post 12, American Legion of Reno, Nevada. The organization is an all-women's post composed of those formerly in the United States Armed Services.

Other Legionnaires of the vicinity have been invited to attend the affair, the group starting to serve at 1 p.m.

SALVATION ARMY AIDS LAKE FAMILY

The Truckee chapter of the Salvation Army, in keeping with its policies, this week forwarded a check in the amount of \$50 to a deserving Kings Beach family to help defray doctor and living expenses incurred by recent illness, N. F. Dolley, Truckee district chairman, announced.

Miss Patricia Meddaugh left yesterday for San Francisco and plans to return later in the month.

SENATE PASSES HIGHWAY BILL

SACRAMENTO — Legislation earmarking 20 million dollars for construction of U.S. Highway 40 as a modern trans-Sierra highway from the Nevada line to the San Francisco Bay area was passed by the Senate today.

CLUB LUNCHEON AT LAKE TAHOE

Today a delegation of members of the Wyethia Club planned to attend the Tahoe Women's Club luncheon held at Bacchi's Inn, at 1:30. They are: Mesdames N. F. Dolley, Robert Bick, A. Mahne, Annie Tonini, Robert Buddle, C. B. White, D. Hornman, Rex Reid, C. Maynard, Fred Pedley, Roy Waters, Doyle McGinn.

At Home—

D. Pesce has returned from Nevada City, where he underwent medical treatment for several months and is living with his daughter, Amelia Muratta, who also recently came home from Oregon.

Going South—

Miss Patricia O'Brien is reported to be planning a trip to southern countries.

Here For Summer—

Mr. and Mrs. A. Mahne of Sacramento are here for the summer months.

Family Visits—

Mr. and Mrs. Charles Walker, Howard Leamon of Sacramento, were weekend guests of Mr. and Mrs. Robert Leamon. Marcia Leamon is spending the week with the visitors.

Street Guests—

Mrs. John Street and daughter, Cathy, returned to Roseville with Mr. and Mrs. Miles Curran, who had been their guests.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

May 19, 1953.

To Whom it May Concern:

Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Hwy. 28, Kings Beach, Placer County.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for

issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows:

On Sale Beer.

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

CIRCUS SPONSORED By RENO POLICE

Sponsored by the Reno Police Department Protective Association Clyde Beatty's circus will be staged at the rodeo grounds in Reno Friday and Saturday, June 5 and 6. Officers of the association were in Truckee this week to extend a special invitation to the residents of this area. Matinees will be at 2 P. M. and the evening shows at 8 o'clock.

A parade in the main part of Reno will be featured Friday at noon, the officers said.

Mrs. Frank Gaiennie spent the weekend at Lovelock, Nevada.

Joslin's Back—

Mr. and Mrs. R. T. Joslin of San Francisco have opened their summer home here.

Twins Graduate—

Barbara and Jack White, twin children of Mr. and Mrs. Guy White, former local residents, will graduate from the Placer Union High School on June 12.

Zwarg Guests—

Mr. and Mrs. Stanley Zwarg have as their guests this week, Mr. and Mrs. C. E. Marks of Sacramento.

Returns—

Jerry Zunino returned from Stockton, where he was called by the illness of his son, Chester Zunino.

Tarzan

by EDGAR RICE BURROUGHS

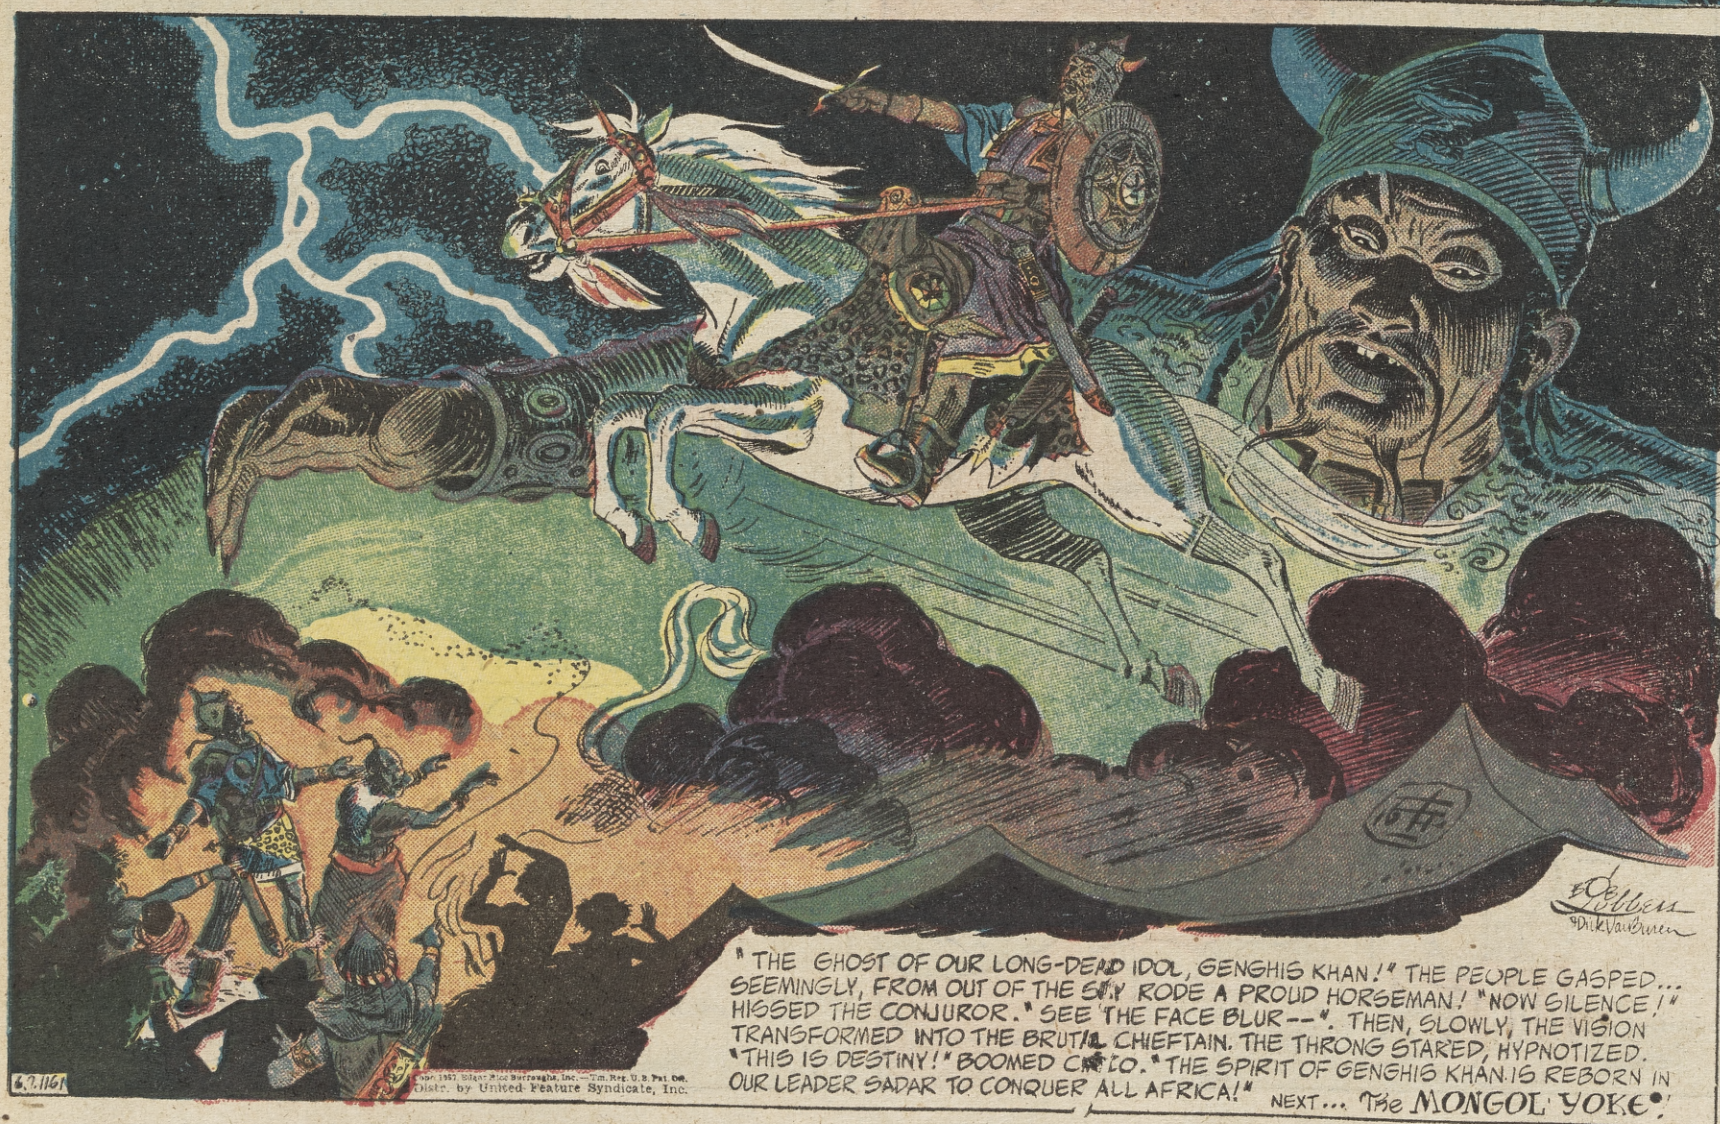

THEIR MISSION ACCOMPLISHED, THE ADVENTURERS LEFT ORLANDO. TARZAN TRAVELED WITH THE SAFARI LONG ENOUGH TO GIVE DIRECTIONS TO THE COAST, THEN HE, TOO, BID FAREWELL.

MEANWHILE, IN AN ISOLATED VALLEY, A MONGOLIAN CHIEF INSTRUCTED HIS SHAMAN. "I HAVE SUMMONED THE TRIBE, CIRCO--TELL THEM AGAIN OF MY DESTINY!"

AN AWED SILENCE GREETED CIRCO, WHO HOVERED OVER A FIRE. "WE ARE THE LAST YAKKA MONGOLS," HE CANTED. "GROWN IN STRENGTH SINCE OUR FOREBEARS FLED FROM ASIA-- WAIT!" HE SCREAMED HYSTERICALLY. "I SEE A VISION!"

"THE GHOST OF OUR LONG-DEAD IDOL, GENGHIS KHAN!" THE PEOPLE GASPED, SEEMINGLY, FROM OUT OF THE GUY, RODE A PROUD HORSEMAN! "NOW SILENCE!" HISSED THE CONJUROR. "SEE THE FACE BLUR--". THEN, SLOWLY, THE VISION TRANSFORMED INTO THE BRUTAL CHIEFTAIN, THE THROG STARED, HYPNOTIZED. "THIS IS DESTINY!" BOOMED CIRCO. "THE SPIRIT OF GENGHIS KHAN IS REBORN IN OUR LEADER SADAR TO CONQUER ALL AFRICA!" NEXT... THE MONGOL YOKO.

THE TELEVISION INDUSTRY HAS A HORRIBLE CASE OF JITTERS, AND WHY NOT? A MYSTERIOUS, OFTEN INSULTING VOICE HAS MANAGED TO CREEP THROUGH THE COAXIAL CABLES INTO THE STUDIOS--WHILE THE SHOWS ARE ON THE AIR!!

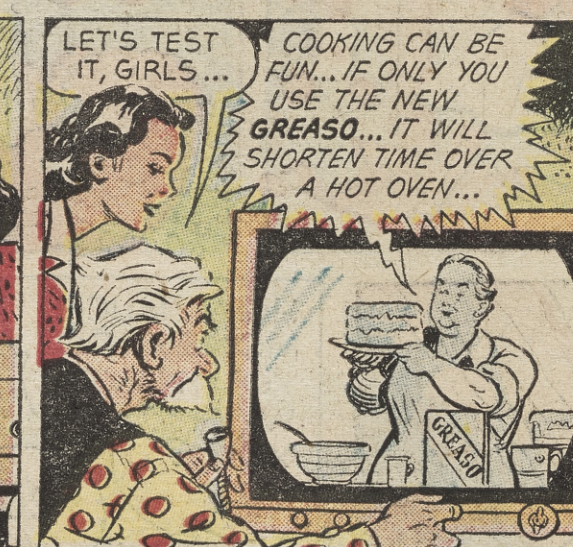

AND WHAT--THIS'LL MURDER YA--DID THE TABLECLOTH SAY TO THE TABLE--

I'VE GOT YOU COVERED!! AND THAT, BUSTER, IS A JOKE THEY CREAMED ALONG WITH THE LAST REMAINS O' JOE MILLER.

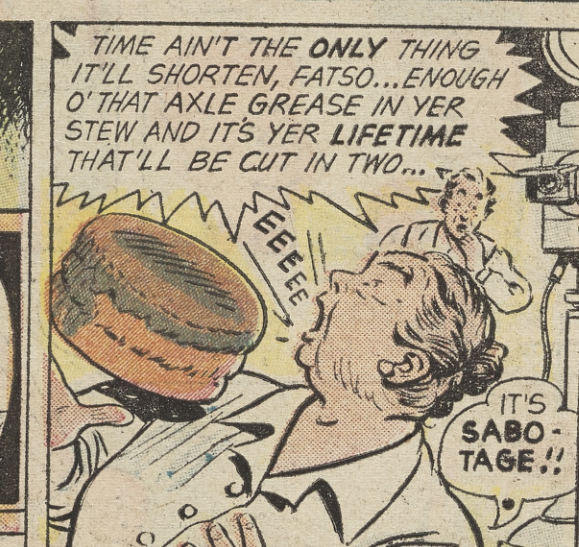

I GOTTA PECULIAR NOTION THAT WHAT I'M SAYIN' IS BOUNCIN' BACK T'ME OVER THIS TV SET I BUILT!!

THAT'S FUNNY...SO HAVE I...

LET'S TEST IT, GIRLS...

COOKING CAN BE FUN...IF ONLY YOU USE THE NEW GREASO...IT WILL SHORTEN TIME OVER A HOT OVEN...

TIME AIN'T THE ONLY THING IT'LL SHORTEN, FATSO...ENOUGH O' THAT AXLE GREASE IN YER STEW AND IT'S YER LIFETIME THAT'LL BE CUT IN TWO...

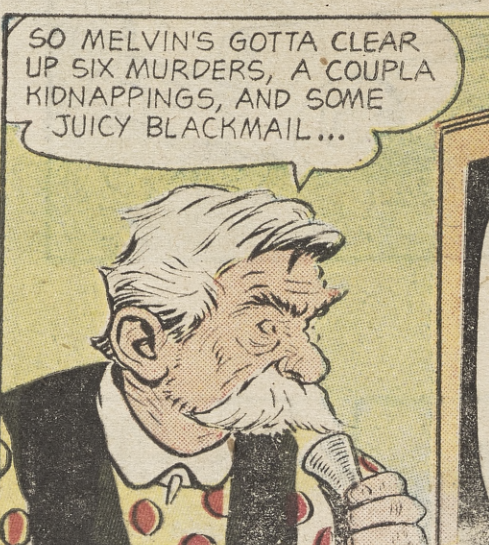

NOW LET'S TAKE A GANDER AT MELVIN PINHEAD, PRIVATE EYE...

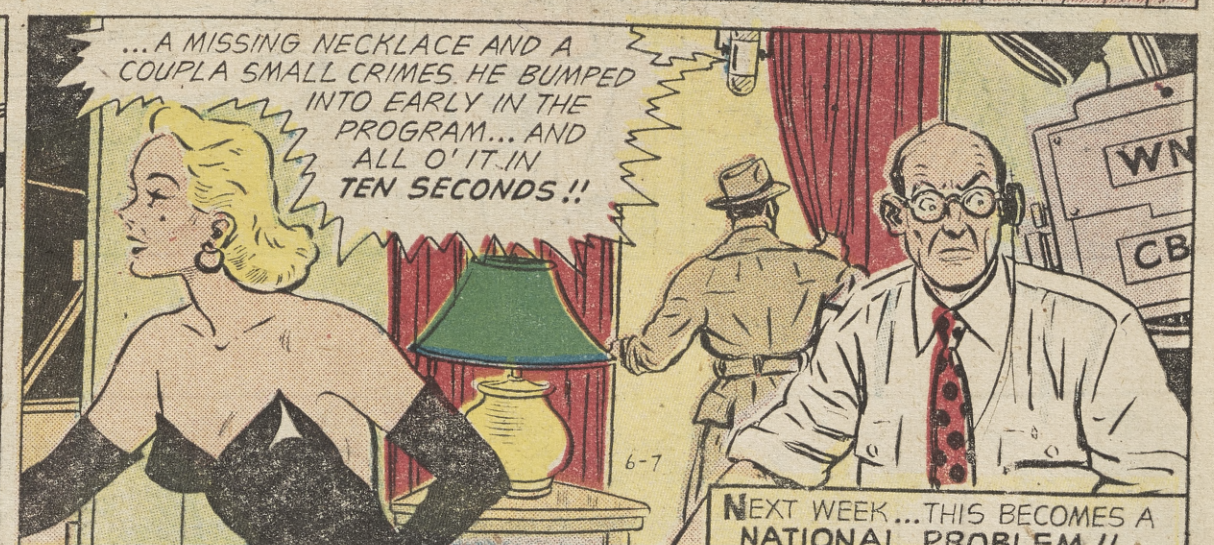

I, MELVIN PINHEAD, PRIVATE EYE, ACCUSE YOU OF MURDERING YOUR RICH OLD AUNT--

IT DON'T HAFTA MAKE SENSE, SISTER...YOU AIN'T GOT MUCH TIME TILL THE END OF THE SHOW... HOW D-DID YOU KNOW? IT DOESN'T MAKE SENSE!

SO MELVIN'S GOTTA CLEAR UP SIX MURDERS, A COUPLA KIDNAPPINGS, AND SOME JUICY BLACKMAIL...

...A MISSING NECKLACE AND A COUPLA SMALL CRIMES. HE BUMPED INTO EARLY IN THE PROGRAM...AND ALL O' IT IN TEN SECONDS!!

NEXT WEEK...THIS BECOMES A NATIONAL PROBLEM!!
